DELIVERY UPDATE:

Even though most of our customers are utilizing the regular free delivery routes, we have had some requests to receive an extra unscheduled delivery. We are now introducing three additional ways to receive extra deliveries:

1. Call 24 hours in advance to place order and then pick up in Will Call at our dock door.
2. Place the order and receive via LTL truck shipment. Freight charges apply and vary but there is no additional mark up on the freight invoice.
3. Call 24 hours in advance to place order and have a "Special Request Delivery" by the HPWS delivery truck billed at \$1.70 per mile, round trip.

DELIVERY ROUTE CHANGES

We are making some adjustments to our free delivery route to the Western Slope. Starting with the delivery the week of August 28th, we will be including the northern section (Steamboat Springs, Craig, etc) on every run. Also the route frequency will shift to every four weeks.
