STAFFING ANNOUNCEMENTS FOR HPWS

We have some fantastic new team additions to help better serve you, our customer.

This month we also are announcing the planned retirement of our wonderful Office Manager, Kathy King. We have known her as our "office mom" and "ring leader" for nine years and appreciate all she has done for us during that time. She is a little sad to retire after being a confident business woman her entire life and even starting early at age 15.

The future looks equally exciting though as she spends time with her handsome man, Jeff and grand children Adam and Nina. After school pick ups, sleep overs and adventures with them will certainly be easier without a work schedule. We could not have been more pleased with everything she has done for us, including organizing our annual "Save the Tatas" charity run event!

We wish her well and note that she had a word of advice for the all the ladies she has worked with: "You are exactly where you are supposed to be in life. Sometimes it is hard to understand but once you accept that the Universe is in charge then it is your job to push for your future goals and don't stop until you reach them".

Carol Meuser

Office Manager

Originally from Missouri, I moved to Colorado as a young teenager. I worked hard and obtained my accounting degree from University of Colorado.

For 20 years I owned an accounting firm which was always a challenge and personally rewarding. Now is the time for me to move on to a new chapter as the Office Manager for HPWS. I look forward to working in a faster paced industry and the new challenges that presents.

Personally, I enjoy the outdoors which Colorado affords me the opportunity all year.

Mae Hedayati

Purchasing Agent

My name is Maedeh Hedayati but go by Mae. I joined HPWS as the Purchasing Agent, working in similar fields for over 4 years.

Before I started working in the supply chain field, I was a music teacher, but it wasn't fulfilling. I decided to continue my studies in business administration, then completed my MBA.

I love traveling while seeing new places, learning new cultures and spending time in museums and libraries. I moved to US in 2016. I love the country, the people, the culture, and of course the beautiful nature of Colorado.

Kristin Bowman

Parts Department

I moved back to Colorado in 2016 after being stationed at FT Lewis, WA for about 6 years.

Being born into a military family, I have had the privilege of being able to see and experience many different places. I live a healthy lifestyle, love working out and I've been in the bodybuilding industry for the last 5 years. I am an animal lover and a huge Pitbull advocate!

Working with Tom and our staff on the Part Counter has been fun and I enjoy meeting all of you in person or on the phone.

SOFTWARE CHANGES

In October's newsletter we mentioned we would be upgrading our software and providing a new portal. Unfortunately the software is not ready for prime time, so we will be delaying introduction of the customer portal. More news to come!

CLOSURE

We will be closed on Wednesday January 2nd for inventory. We will reopen on Thursday, January 3rd.
