

# CAR WASH NEWS

February 2019

## MARK YOUR CALENDARS

*The SCWA Convention and Expo in Arlington, Texas, is February 24-26, 2019.*

John Agnew of Breeze Thru is our Board Representative. You can get information on the Convention and Expo at [www.swcarwash.org](http://www.swcarwash.org). Plan to book now as the program will draw a large crowd and hotels book quickly. The CEO Forum will start on Sunday at 12:30 pm. The keynote speaker will be Dana Perino who is the co-host of Fox News "The Five" at 10:30 am on Monday.

The floor hours of the convention will be Sunday 2:00-6:30 pm and Monday 1:00-5:00 pm. Tuesday will also feature the Car Wash Academy from 8:30-11:30 am. If you have any questions please contact any of our Sales Staff at 303.322.2232. We look forward to seeing everyone in the National Car Wash Solutions booth with MacNeil, Ryko and CleanTouch products being featured.

## NEW REGIONAL ACCOUNT MANAGER

*James Trevino (left) and Dave Wingert Senior VP, M&A and Business Development for NCS*

James Trevino has received a promotion within the company to a Regional Account Manager for NCS. James will be spending about half of his time in our area, and the other half traveling the larger region with operators and distributors. His efforts managing our chemical staff is transitioning to Vince Sanchez, currently our Service Manager. This will allow James the time to maintain his presence with local operators in the field.

James started 15 years ago as a delivery driver, moved into chemical sales and spent the last few years as manager of that department. Rich and Shane were pleased to present this opportunity and equally pleased that James accepted the new challenges to grow further within the industry.

## NEW OFFICE HOURS

We are changing the office hours at our main office to 7 am – 4 pm effective February 4<sup>th</sup>. We are doing this due to increased construction along the I-70 corridor and traffic congestion. By opening earlier, we're hoping to give customers an option to get in for early morning pick ups before traffic gets too bad.

## FLOOR HEAT LEAK DETECTION

One of our customers used *Colorado Lead Detection* to find a leak in his floor heat. You can contact the company at [www.cudetection.com](http://www.cudetection.com) or call 303.944.1928.
