CAR WASH NEWS

SONNY'S CAR WASH COLLEGE AND OPEN HOUSE

HPWS had a fantastic training event with Robert Andre from the Car Wash College at Sonny's last month. Over 40 people attended the two-day event, which also included representatives from Huron Valley Sales, Unitec Electronics, Diamond Shine, PurClean Water Treatment, Lustra, and Innovative Control Systems.

The manufacturer representatives were all on hand to answer questions on anything from boilers to pay stations while Robert Andre covered one-day seminar on Management and Maintenance and then James Trevino put on a one-day seminar on PurClean Water Reclaim and RO Systems. We also held the event as an open house for our new sales and training center in Westminster, which brought several additional customers out to visit.

We appreciate everyone who made it out to the event and participated in the education courses. HPWS puts these on so our customers can constantly increase their own knowledge of components and systems. This will reduce costs and increase sales through better operations. That is why the HPWS Team gets up early and stays up late.

HPWS
will be closed
Monday July 4, 2016
for
Independence Day!

CRIME ALERTS

Make sure your camera systems are fully operational, lighting covers all areas and locks are secure as we continue to have crime reports come in from owners. In Colorado Springs at the beginning of June a customer was approached by a knife wielding man asking for money. The customer promptly retrieved his firearm and the suspect departed. Police were called but the suspect was not apprehended. Similarly, there was an incident in Ft. Collins, which did not actually happen but clearly headed in that direction. A small group was casing a car wash and caught on camera from several good angles for the police to review. No break-in occurred but that may have been due to the security measures at the facility.

NEW EMPLOYEE

Jeff Toland

My name is Jeff Toland and I am the new delivery driver for HPWS. I spent 24 years in the Air Force supply chain management and retired in 2012. I then spent 2½ years working in the North Dakota oil fields. I moved to Denver in 2014 and made it my home. I am grateful to HPWS for

giving me the opportunity to be a delivery driver. They have a great team and everyone is customer oriented. HPWS is the best place I have had the enjoyment of working for since I have retired from the Air Force. I look forward to being able to continue to make HPWS the car wash industry leader and I look forward to help in anyway.

JULY TRAINING CLASSES

There are no training classes at HPWS this month.

SONNY'S CAR WASH COLLEGE MAINTENANCE AND REPAIR COURSES

These classes are held at SONNY's Factory in Ft. Lauderdale, FL. For more information go to www.sonnysdirect.com.
