WCA 2018 COLORADO REGIONAL MEETING

TOPIC

CONVEYOR MAINTENANCE

Keeping The Heart Of Your Operation Running Strong!

We will cover the importance of basic maintenance that is universal among the different manufacturers. Removing links—when, how and why we do it, along with the consequences of waiting too long or changing them too soon. We will also cover general practices all employees can do to extend the life of the conveyor and its components.

SPEAKER

James Trevino is the Chemical Sales Manager of Hi-Performance Wash Systems, an NCS Company. He oversees chemical sales, training for Hi-Performance's chemical staff and Hi-Performance's Denver-based Operator Training Program. James started in the industry 15 years ago with Hi-Performance Wash Systems. He found the industry was a natural fit coming from the automotive industry as an ASE certified technician. His mechanical skills have played well into the wash industry's need for individuals who understand the complexity of our multifaceted systems.
