

## ICA 2015 THANK YOU!

We want to thank everyone who made it to Las Vegas for the ICA show. If you were not able to make it we want you to see what we unveiled on the trade show floor!

HPWS is please to bring Catapult Training to you starting at the end of May. You can see the full information at [www.hpws.com/training.html](http://www.hpws.com/training.html) and register for classes on-line.

Employees, managers, and owners of all types of car washes are welcome to attend. Several classes will occur each month with a schedule posted online all the way through 2016.

This endeavor is designed to increase your knowledge and confidence in working on all types of equipment at your site. This will decrease your expenses through strengthening your expertise in softeners, pumps, reclaim, POS systems, hydrominders, RO Systems, Excel, and eleven other options. We currently have 44 dates with more additions coming.

*Cat Pump Training Class*

If you missed the show or would like to see photos the ICA has posted photos on their Facebook page. We have posted a few of those on our page as well, with a few of our locals captured on film.

If you have any questions about any of the articles give us a call at 303.322.2232. For information and registration on the Catapult courses contact Cindi Reynolds at 303.322.2232. She will get you additional information on all the courses. Remember space could be limited. Sign up soon!

## NEW EMPLOYEES

*Ken Maccagnan* is a new face in our electronics department, repairing bill changers, timers and coin acceptors. Ken comes to us with many decades of experience in a variety of electronic fields and is a welcome addition to the shop.
